## WORK EXPERIENCE

### WEB DEVELOPER & IT RECRUITER

Feb 2024 - Now  
BayeSite, Argentina

At BayeSite, I led the development of a web application that revolutionizes talent recruitment, combining Next.js with agile methodologies to improve user-company interaction.

Now, as a technical recruiter, my development background influences candidate selection, looking for both technical skill and creative innovation. This duality of roles has deepened my understanding of technological impact, contributing to business growth and career advancement of connected talent.

✓ *TypeScript, Next.js, React.js, MongoDB*

### FREELANCE SOFTWARE DEVELOPER

Sep 2023 - Now

As a Freelance Developer with extensive industry experience, I have developed a versatile range of technical and soft skills that differentiate me as an ideal candidate for a position in a company that values self-management, innovation and the ability to meet and overcome varied challenges.

My key skills and accomplishments reflect my ability to adapt, lead and execute complex projects effectively.

✓ *TypeScript, Next.js, React.js, MySQL, MongoDB, Python*

### FRONT END DEVELOPER

Dec 2021 - Jul 2023  
FIXDATE, Santa Catarina, Brazil

Front-End Developer with experience in creating and modifying software frameworks, specialized in React and mobile-first design strategies. Skilled in Graphic Design and UX/UI for web layout, my analytical approach brings viable technical solutions and improves user experience.

As a project leader, I drove product navigability and worked collaboratively with the company's CEO. My accomplishments include increasing site speed and mentoring junior developers, which resulted in a 30% increase in customer transactions.

✓ *JavaScript, Node.js, React.js, Python, MySQL, Git/Github*

### GRAPHIC DESIGNER & WEB DEVELOPER

Jul 2019 - Jan 2023  
ISEAP AERONAUTICAL ACADEMY, Buenos Aires, Argentina
